To organize your neighborhood for disaster—
BEGIN HERE

WHY NEIGHBORHOODS?
Disasters overwhelm 9-1-1 emergency responders (medics, fire, & police). If you have a crisis—say a loved one is seriously injured—your best source of help will be your neighbors.

PLAN

THE GOLDEN HOUR:
The first 60 minutes following disasters are golden—for saving lives, reducing the severity of injuries, and decreasing property damage.

HOW BIG SHOULD MY NEIGHBORHOOD BE?
The size is determined by the Golden Hour.

Experience shows the ideal size for neighborhoods is:

- Single-Family: 15–20 houses
- Vertical Neighborhood: the entire building
- Less-Populated Neighborhood: 5–7 houses

Write your specific neighborhood boundaries here:
(For example: 1400–1498 Palm Blvd., Emergency Management Department [EMD] will need this information to prepare the map for your meeting).
